### IBARD Representative – Paul Brizzi, Retired

IBARD is in the process of working with SC active mentors to see that all 1st and 2nd year teachers have the opportunity to be assigned an IBARD mentor in conjunction with IAAE. All first year teachers can have up to four visits yearly and each 2nd year teacher two visits sponsored by the IAAE.

Jim Fritz is the IBA coordinator of this program. He will be contacting all first and second year teachers in the near future asking if they would like to have an IBARD mentor assigned. If they do respond positively they will be assigned and the actual mentorship process will begin initiated by a contact from an IBARD mentor. It is the desire of our IBARD members that the process begin soon and help to head off the problems that can occur in the first months of any teacher's contract.

Since this program of IBARD mentorship is sponsored by the IAAE it is our desire that all IBA members seriously consider membership in the IAAE which facilitates such an important program.

In addition, the fall IBA magazine will include a spreadsheet indicating which specific IBARD members are willing to help in a number of service positions throughout the school year. IBARD memberships wishes to continue to serve.
